Safety Data Sheet

This safety data sheet complies with the requirements of: JIS Z 7253:2019

> Revision Date 2021-04-22 Revision Number 8

1. Identification

Product Name PrimeSTAR® Max Premix (2X)

 Product Code
 ST1230

 CAS-No
 7732-18-5

Registration number No information available

Details of the supplier of the safety data sheet

Supplier Japan:

Takara Bio Inc. Nojihigashi 7-4-38

Kusatsu, Shiga 525-0058, Japan Phone: +81.77.565.6972 Web: www.takara-bio.com

China:

Takara Biomedical Technology (Beijing) Co., Ltd.

Life Science Park, 22 KeXueYuan Road, Changping District,

Beijing 102206, China Phone: +86 10 8072 0980 Web: www.takarabiomed.com.cn

Emergency telephone number In case of emergency, call PERS (Professional Emergency Resource Services)

1-800-633-8253 (US) or 801-629-0667 (international).

Recommended use of the chemical and restrictions on use

Identified uses For research use only. Not for use in diagnostic procedures

Restrictions on use No information available

2. Hazard(s) identification

GHS Classification

Not a hazardous substance or mixture according to the Globally Harmonized System (GHS) Not classified

Classification not possible
Classification not possible
Classification not applicable
Classification not possible
No effects on or via lactation
Classification not possible

GHS label elements

Hazard Statements

Not a hazardous substance or mixture according to the Globally Harmonized System (GHS) Not classified

Prevention

· Not applicable

Response

· Not applicable

Storage

Not applicable

Disposal

· Not applicable

Other hazards

No information available.

3. Composition/information on ingredients

Pure substance/mixture Mixture CAS-No 7732-18-5

Chemical name	CAS No	Weight-%	ENCS Inventory	ENCS Number	ISHL Inventory	ISHL No
Tetramethylammonium	10581-12-1	1 - 5	Existing	(2)-186	Existing	(1)-186
Acetate						
Tween 20	9005-64-5	< 0.1	Existing	(8)-55	Existing	(8)-55
Poly(oxyethylene)	9016-45-9	< 0.1	Existing	(7)-172	Existing	(7)-172
nonviphenvi ether (NP-40)			1	1		

Pollutant Release and Transfer Registry (PRTR)

Not applicable

Industrial Safety and Health Law

ISHL Notifiable Substances

Not applicable

Harmful Substances Whose Names Are to be Indicated on the Label

Not applicable

Poisonous and Deleterious Substances Control Law

Not applicable

4. First-aid measures

In case of inhalation Remove to fresh air.

In case of skin contact Wash skin with soap and water.

In case of eye contact Rinse thoroughly with plenty of water for at least 15 minutes, lifting lower and upper eyelids.

Consult a physician.

In case of ingestion Clean mouth with water and drink afterwards plenty of water.

Most important symptoms/effects,

acute and delayed

No information available.

5. Fire-fighting measures

surrounding environment.

Unsuitable extinguishing media Do not scatter spilled material with high pressure water streams.

Specific hazards arising from the

chemical

No information available.

Special Extinguishing Media

Large Fire

Cool drums with water spray, when fighting fire may

CAUTION: Use of water spray when fighting fire may be inefficient.

Special protective equipment and precautions for fire-fighters

Firefighters should wear self-contained breathing apparatus and full firefighting turnout

gear. Use personal protection equipment.

6. Accidental release measures

Personal precautions, protective equipment and emergency

equipment and procedures

Ensure adequate ventilation.

Environmental precautions See Section 12 for additional Ecological Information.

Methods for containment Prevent further leakage or spillage if safe to do so.

Methods for cleaning up Pick up and transfer to properly labeled containers.

Prevention of secondary hazards Clean contaminated objects and areas thoroughly observing environmental regulations.

Handling and storage

Handling

Advice on safe handling

Storage

Storage Conditions

Handle in accordance with good industrial hygiene and safety practice.

Keep containers tightly closed in a dry, cool and well-ventilated place.

8. Exposure controls/personal protection

Engineering controls Showers

Eyewash stations Ventilation systems.

Exposure guidelines This product, as supplied, does not contain any hazardous materials with occupational

exposure limits established by the region specific regulatory bodies.

Biological occupational exposure

limits

This product, as supplied, does not contain any hazardous materials with biological limits

established by the region specific regulatory bodies

Environmental exposure controls

Personal Protective Equipment

Respiratory protection

No information available.

No protective equipment is needed under normal use conditions. If exposure limits are

exceeded or irritation is experienced, ventilation and evacuation may be required.

Eye/face protectionNo special protective equipment required. **Skin and body protection**No special protective equipment required.

9. Physical and chemical properties

Information on basic physical and chemical properties

Appearance Clear, colorless

Physical state Liquid
Color Clear
Odor Unpleasant

Odor Threshold No information available

PropertyValuesRemarks • MethodMelting point / freezing pointNo data availableNo information availableBoiling point/boiling range (°C)No data availableNo information availableFlammability (solid, gas)No data availableNo information available

Upper/lower flammability or explosive limits

Upper flammability limit:No data availableLower flammability limit:No data available

Flash point No data available ASTM D 56

Evaporation RateNo data availableNo information availableAutoignition temperature392.8 °C / 739 °FNo information availableDecomposition temperatureNo data availableNo information availablepHNo data availableNo information available

Viscosity

Kinematic viscosity No data available No information available

Dynamic Viscosity No information available

Water solubilityNo data availableNo information availableSolubility in other solventsNo data availableNo information availablePartition CoefficientNo data availableNo information available

(n-octanol/water)

Vapor pressureNo data availableNo information availableVapor densityNo data availableNo information availableRelative densityNo data availableNo information available

Particle characteristics

Particle SizeNo data availableNot applicableParticle Size DistributionNo data availableNot applicable

Other information

Explosive propertiesOxidizing properties
No information available
No information available

Stability and reactivity

Reactivity
Chemical stability
Possibility of hazardous reactions
No information available.
Stable under normal conditions.
None under normal processing.

Incompatible materials

None known based on information supplied.

Hazardous Decomposition Products None known based on information supplied.

Explosion Data

Sensitivity to static discharge None. **Sensitivity to mechanical impact** None.

11. Toxicological information

Acute toxicity

Numerical measures of toxicity - Product Information

The following values are calculated based on chapter 3.1 of the GHS document

ATEmix (inhalation-dust/mist) 183.7252 mg/l

Chemical name	Oral LD50	Dermal LD50	Inhalation LC50
Tween 20	= 37000 mg/kg (Rat)	-	-
Poly(oxyethylene) nonylphenyl	= 2590 mg/kg (Rat)	= 1780 μL/kg (Rabbit)	-
ether (NP-40)			

Symptoms No information available.

Product Information

Ingestion Specific test data for the substance or mixture is not available.

Inhalation Specific test data for the substance or mixture is not available.

Skin contact Specific test data for the substance or mixture is not available.

Eye contact Specific test data for the substance or mixture is not available.

Skin corrosion/irritationBased on available data, the classification criteria are not met. Classification not possible.

Serious eye damage/eye irritation Based on available data, the classification criteria are not met. Classification not possible.

Respiratory or skin sensitization Classification not possible.

Germ cell mutagenicity Based on available data, the classification criteria are not met. Classification not possible.

CarcinogenicityBased on available data, the classification criteria are not met. Classification not possible.

Reproductive toxicityBased on available data, the classification criteria are not met. Classification not possible.

Target organ effects Kidney. Respiratory system. Eyes. Skin.

STOT - single exposureBased on available data, the classification criteria are not met. Classification not possible.

STOT - repeated exposureBased on available data, the classification criteria are not met. Classification not possible.

Aspiration hazardBased on available data, the classification criteria are not met. Classification not possible.

12. Ecological information

Ecotoxicity Classification not possible.

Percentage for unknown 0.0509 % of the mixture consists of component(s) of unknown hazards to the aquatic

ST1230 - PrimeSTAR® Max Premix (2X)

Revision Date 2021-04-22

hazards environment.

Persistence and degradability No information available.

Bioaccumulation There is no data for this product.

Hazardous to the ozone layer Classification not possible. Based on available data, the classification criteria are not met.

Other adverse effects No information available

Other adverse effects	NO IIIIOIIIIalioii avallable.

Disclaimer

This SDS complies with the requirements of JIS Z 7253:2019 (Japan). The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or

quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.

Notice to Purchaser:

Our products are to be used for research purposes only. They may not be used for any other purpose, including, but not limited to, use in drugs, in vitro diagnostic purposes, therapeutics, or in humans. Our products may not be transferred to third parties, resold, modified for resale, or used to manufacture commercial products or to provide a service to third parties without our prior written approval. Your use of this product is also subject to compliance with the licensing requirements described on the product's web page. It is your responsibility to review, understand and adhere to any restrictions imposed by these statements. All other marks are the property of their respective owners.
