

# Safety Data Sheet This safety data sheet complies with the requirements of:

JIS Z 7253:2019

### Revision Date 2021-02-09 **Revision Number** 2

# 1. Identification

| Product Name<br>Product Code<br>Registration number   | Cell Extraction Enzyme<br>ST2206<br>No information available   |
|---|--|
| Details of the supplier of the safety<br>Supplier<br>Japan:<br>Takara Bio Inc.<br>Nojihigashi 7-4-38<br>Kusatsu, Shiga 525-0058, Japan<br>Phone: +81.77.565.6972<br>Web: www.takara-bio.com |  |
| China:<br>Takara Biomedical Technology (Beijir<br>Life Science Park, 22 KeXueYuan Rc<br>Beijing 102206, China<br>Phone: +86 10 8072 0980<br>Web: www.takarabiomed.com.cn                    |  |
| Emergency telephone number  | In case of emergency, call PERS (Professional Emergency Resource Services)<br>1-800-633-8253 (US) or 801-629-0667 (international). |
| Recommended use of the chemical   | and restrictions on use  |
| Identified uses   | For research use only. Not for use in diagnostic procedures  |

Restrictions on use No information available

# 2. Hazard(s) identification

# **GHS Classification**

| Not classified                                     |                                |
|--|--------------------------------|
| Acute toxicity - Oral                              | Classification not possible    |
| Acute toxicity - Dermal                            | Classification not possible    |
| Acute toxicity - Inhalation (Gases)                | Classification not applicable  |
| Acute toxicity - Inhalation (Vapors)               | Classification not possible    |
| Acute toxicity - Inhalation (Dusts/Mists)          | Classification not possible    |
| Skin corrosion/irritation                          | Classification not possible    |
| Serious eye damage/eye irritation                  | Classification not possible    |
| Respiratory sensitization                          | Classification not possible    |
| Skin sensitization                                 | Classification not possible    |
| Germ cell mutagenicity                             | Classification not possible    |
| Carcinogenicity                                    | Classification not possible    |
| Reproductive toxicity                              | Classification not possible    |
| Effects on or via lactation                        | No effects on or via lactation |
| Specific target organ toxicity (single exposure)   | Classification not possible    |
| Specific target organ toxicity (repeated exposure) | Classification not possible    |
| Aspiration hazard                                  | Classification not possible    |
| Acute aquatic toxicity                             | Classification not possible    |
| Chronic aquatic toxicity                           | Classification not possible    |
| Ozone  | Classification not possible    |

# **GHS label elements**

#### Hazard Statements Not classified

Prevention

Not applicable

#### Response

Not applicable
Storage
Not applicable
Disposal
Not applicable

#### Other hazards

May be harmful if inhaled.

# 3. Composition/information on ingredients

# Pure substance/mixture

| Chemical name              | CAS No     | Weight-% | ENCS Inventory | ENCS Number | ISHL Inventory | ISHL No |
|----------------------------|------------|----------|----------------|-------------|----------------|---------|
| HEPES                      | 7365-45-9  | 1 - 5    | No information |             | No information |         |
|                            |            |          | available      |             | available      |         |
| Calcium chloride dihydrate | 10035-04-8 | 0.1 - 1  | Existing       | (1)-176     | Existing       | (1)-176 |

# Pollutant Release and Transfer Registry (PRTR)

Not applicable

# Industrial Safety and Health Law

ISHL Notifiable Substances Not applicable

Harmful Substances Whose Names Are to be Indicated on the Label Not applicable

# **Poisonous and Deleterious Substances Control Law**

Not applicable

# 4. First-aid measures

| In case of inhalation                              | Remove to fresh air.   |
|--|--|
| In case of skin contact                            | Wash skin with soap and water.   |
| In case of eye contact                             | Rinse thoroughly with plenty of water for at least 15 minutes, lifting lower and upper eyelids. Consult a physician. |
| In case of ingestion                               | Clean mouth with water and drink afterwards plenty of water.   |
| Most important symptoms/effects, acute and delayed | No information available.  |
| Note to physicians                                 | Treat symptomatically.   |

| 5. Fire-fighting measures  |  |  |  |
|--|--|--|--|
| Suitable Extinguishing Media   | Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.                                    |  |  |
| Unsuitable extinguishing media   | Do not scatter spilled material with high pressure water streams.  |  |  |
| Specific hazards arising from the chemical   | No information available.  |  |  |
| Special Extinguishing Media<br>Large Fire  | Cool drums with water spray.<br>CAUTION: Use of water spray when fighting fire may be inefficient.   |  |  |
| Special protective equipment and precautions for fire-fighters                                 | Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Use personal protection equipment.         |  |  |
|  |  |  |  |
|  |  |  |  |
|  | 6. Accidental release measures   |  |  |
| Personal precautions, protective<br>equipment and emergency<br>procedures                      | 6. Accidental release measures<br>Ensure adequate ventilation.   |  |  |
| equipment and emergency  |  |  |  |
| equipment and emergency procedures   | Ensure adequate ventilation.   |  |  |
| equipment and emergency<br>procedures<br>For emergency responders                              | Ensure adequate ventilation.<br>Use personal protection recommended in Section 8.  |  |  |
| equipment and emergency<br>procedures<br>For emergency responders<br>Environmental precautions | Ensure adequate ventilation.<br>Use personal protection recommended in Section 8.<br>See Section 12 for additional Ecological Information. |  |  |

# 7. Handling and storage

| Handling<br>Advice on safe handling<br>Storage | Handle in accordance with good industrial hygiene and safety practice.   |  |
|--|--|--|
| <u>Storage</u><br>Storage Conditions           | Keep containers tightly closed in a dry, cool and well-ventilated place. |  |

| 8. Exposure controls/personal protection                |   |  |  |
|---|---|--|--|
| Engineering controls                                    | Showers<br>Eyewash stations   |  |  |
| Exposure guidelines                                     | Ventilation systems.<br>This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies. |  |  |
| Biological occupational exposure limits                 | This product, as supplied, does not contain any hazardous materials with biological limits established by the region specific regulatory bodies                                     |  |  |
| Environmental exposure controls                         | No information available.   |  |  |
| Personal Protective Equipment<br>Respiratory protection | No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required.            |  |  |
| Eye/face protection<br>Skin and body protection         | No special protective equipment required.<br>No special protective equipment required.  |  |  |

# 9. Physical and chemical properties

### Information on basic physical and chemical properties

| Appearance<br>Physical state<br>Color<br>Odor<br>Odor Threshold   | Clear, colorless<br>Liquid<br>No information available<br>Odorless<br>No information available |  |
|---|--|--|
| <u>Property</u><br>Melting point / freezing point<br>Boiling point/boiling range (°C)<br>Flammability (solid, gas)<br>Upper/lower flammability or explosi<br>Upper flammability limit:<br>Lower flammability limit: | <u>Values</u><br>ve limits   | Remarks • Method<br>No information available<br>No information available<br>No information available |
| Flash point   |  | ASTM D 56  |
| Evaporation Rate  |  | No information available   |
| Autoignition temperature  | 392.8 °C / 739 °F  | No information available   |
| Decomposition temperature   |  | No information available<br>No information available   |
| pH<br>Viscosity   |  | No information available   |
| Kinematic viscosity   |  | No information available   |
| Dynamic Viscosity   |  | No information available   |
| Water solubility  |  | No information available   |
| Solubility in other solvents  |  | No information available   |
| Partition Coefficient   |  | No information available   |
| (n-octanol/water)   |  |  |
| Vapor pressure  |  | No information available   |
| Vapor density   |  | No information available   |
| Relative density  |  | No information available   |
| Particle characteristics  |  |  |
| Particle Size   |  | Not applicable   |
| Particle Size Distribution  |  | Not applicable   |
| Other information   |  |  |

Explosive properties Oxidizing properties No information available No information available

# 10. Stability and reactivity

 Reactivity
 No information available.

 Chemical stability
 Stable under normal conditions.

 Possibility of hazardous reactions
 None under normal processing.

 Incompatible materials
 None known based on information supplied.

 Hazardous Decomposition Products
 None known based on information supplied.

 Explosion Data
 None.

 Sensitivity to static discharge
 None.

 Sensitivity to mechanical impact
 None.

11. Toxicological information

Acute toxicity

Numerical measures of toxicity - Product Information

The following values are calculated based on chapter 3.1 of the GHS documentATEmix (oral)35,711.00 mg/kg

# ATEmix (dermal)34,842.40 mg/kgATEmix (inhalation-dust/mist)9.5815 mg/l

1.86966 % of the mixture consists of ingredient(s) of unknown acute oral toxicity 2.91099 % of the mixture consists of ingredient(s) of unknown acute dermal toxicity 31.64038 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (gas) 31.64038 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (vapor) 2.91099 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (dust/mist)

| Chemical name                     | Oral LD50                    | Dermal LD50                           | Inhalation LC50                   |
|-----------------------------------|------------------------------|---------------------------------------|-----------------------------------|
